

About NTHU

As a leading comprehensive research university in Taiwan, NTHU is widely recognized as a top incubator for future leaders. We take pride in our interdisciplinary education and research among 12 colleges, 26 departments and 30 graduate institutes, including recently launched College of Semiconductor Research (CoSR), Taipei School of Economics and Political Science (TSE), and the Post-baccalaureate Program in Medicine. NTHU is strategically located next to world-class national laboratories and science parks and strives to establish multilateral partnerships in global talent cultivation, innovation, and sustainable development.

Our Delegates

W. John Kao, President

- CL Liu Chair Professor of College of Life Science
- Areas: regenerative medicine, translational medicine
- Industry Experiences: Head, Institute for Translational Research, Hong Kong Science and Technology Park
- Academic Experiences: Chair Professor of Translational Medical Engineering; Vice President / Pro-Vice Chancellor at The University of Hong Kong; Vilas Distinguished Achievement Chair Professor at University of Wisconsin – Madison
- Contact Information: presid@my.nthu.edu.tw
- Social Media: [linkedin.com/in/w-john-kao-b67348125](https://www.linkedin.com/in/w-john-kao-b67348125/); IG: W.JOHNKAO

Chih-Huang Lai, Associate Dean of College of Semiconductor Research

- Tsing Hua Chair Professor of Department of Materials Science and Engineering
- Research Specialties: spintronic devices, MRAM, CIGS solar cells, materials for sustainability
- Experiences: Dean of College of Engineering; Associate Dean of College of Semiconductor Research; Department Chair of Materials Science and Engineering; President of Taiwan Association of Magnetic Technology; Education Chair of IEEE Magnetics Society

- Honors: IEEE Fellow; Micron Chair Professor; Fellow of Materials Research Society – Taiwan; AUMS (The Asia Union of Magnetics Societies) Award; Outstanding Research Award, National Science and Technology Council
- Contact Information: chlai@mx.nthu.edu.tw
- Social Media: <https://nthulab426.wixsite.com/chlailab416>

Yi-Wen Liu, Associate Vice President for Academic Affairs

- Distinguished Professor of Department of Electrical Engineering
- Primary Research Areas: audio and speech processing, acoustics of hearing
- Industry Experiences: Research and Computing Engineer, Boys Town National Research Hospital, Omaha, Nebraska; continually collaborating with Taiwan's high-tech industry since 2017
- Contact Information: ywliu@ee.nthu.edu.tw
- Social Media: <https://www.linkedin.com/in/jacobliu/>

Ming-Yen Lu, Director of Alumni Service Center

- Professor of Department of Materials Science and Engineering
- Research Specialties: in-situ dynamics study of materials; advanced microstructural analysis; synthesis and applications of low-dimensional materials and device application
- Academic Experiences: Visiting Professor at University of California, Berkeley and Lawrence National Lab; Postdoctoral Fellow at Massachusetts Institute of Technology; Visiting Scholar at Georgia Institute of Technology
- Contact Information: mylu@mx.nthu.edu.tw
- Social Media: <http://sites.google.com/site/nofmlab/home>

Chia-Yu (Yvonne) Huang, Special Assistant to the President

- Distinguished Lecturer at Center for English Education
- Upper Intermediate English Program Coordinator
- International Intercollegiate PhD Program at National Tsing Hua University
- Former liaison interpreter at the US State Department
- Contact Information: yvonne.nthu@gapp.nthu.edu.tw
